

## Great Falls Public Schools Good Apple Award Recipients

**Bruce Broesder, Al Castle, Scott Gray, Phil Miller, Craig Nichols, Teamsters and John Hasner, Teamster Foreman, District Offices - Warehouse** were recommended for a Good Apple awards by Ruth Uecker, Assistant Superintendent of Schools K-6 and Rhonda Zobrak, Principal, Giant Springs Elementary because of the following: We would like to nominate Bruce, Al, Scott, Phil, Craig, and John for a Good Apple Award for all of the extra time and effort they put forth to support the move to Giant Springs. These gentlemen were responsive and helpful throughout the entire process. We had many last minute deadlines and changes to the project that required their immediate action. We found them to be flexible and supportive doing it all with a smile on their face. There was never a request that wasn't answered. These individuals worked hauling boxes hour upon hour without a break. We truly couldn't have made it without them and for that we would like them to be recognized as recipients of a Good Apple Award!

**Gary Petersen, Linda Lucero, and Ladonna Davidson, Volunteers, Lincoln Elementary School,** were recommended for a Good Apple award by Jon Konen, Principal, Lincoln Elementary School, because of the following: These amazing volunteers work with students and staff at Lincoln elementary. Each of them are so giving of their time. They go above and beyond volunteering to support our math centers and reading groups. The most important aspect is the relationships that they make with our Lion Den. We appreciate their time and efforts as it is people like them that make Lincoln a great place to work and learn. Thanks for giving them some recognition that is well deserved.

**Lynette Copp, Core Teacher Aide, C. M. Russell High School,** was recommend for a Good Apple award by Janette Kempf, Advisement Secretary, C. M. Russell High School because of the following: Lynette has been an aide at C.M.R. for 25 years and is an indispensable member of our entire staff. She does many things and is always willing to pitch in wherever and whenever needed. Whether she's helping run passes, doing laundry, filing, doing hall duty, transporting students, running errands, covering for staff members, sending out a mailing (I could go on and on describing Lynette's contributions), she does it all efficiently, willingly, and she's always happy to help. I truly, truly do not know how we could do our jobs without Lynette... She's a very "Busy Thing", and she makes awesome dirty crackers.

**Suzette Bruggeman, Volunteer/Parent,** was recommended for a Good Apple award by Mike Lins, Transition Teacher at C.M. Russell High School, because of the following: Suzette was instrumental in starting and maintaining the CMR student food pantry. Suzette works tirelessly in making sure that the food pantry is stocked

on a weekly basis. She also uses her own resources to help students out if it's dropping food off for a family in need or her willingness to buy a student "Purple Tennis Shoes". I called Suzette and asked for three backpacks for students. The next week there were eight new backpacks in my room. I called her again today and asked for CMR clothing for students, and she said she was happy to help. Great Falls is lucky to have Mrs. Bruggeman in our community. Her passion for helping others is greatly appreciated.
