Good Apple Award Recipients

Danielle Gapay, Para Educator, Morningside Elementary School, was recommended for a Good Apple Award by Caitlyn Aakre, Special Education Teacher, Morningside Elementary School, because of the following: Danielle Gapay has been my para educator in my Resource II classroom for over a year now and is one of the best coworkers I've ever had the privilege of working with. She is quick on her feet, steps in when she's needed, and rarely complains. Dani takes pride in her job and in our students. Each one of our students knows Ms. Gapay loves and cares for them. Dani is also the reason our door décor always looks so good! She should be a model for all para-educators because she teaches students with enthusiasm and always follows through with rewards and consequences. Dani is a gem in this district and should be celebrated.

Mr. Randy Guill, Bus Driver, Big Sky Bus Lines, was recommended for a Good Apple Award by Shannon Guilfoyle, Family Engagement Liason, Whittier Elementary School, because of the following: Longfellow students who board the purple bus every morning are in for the best start to the day that a student can ask for... one of Mr. Guill's personalized greetings! Every student is recognized by name with a fist bump or high five. Mr. Guill takes the time to zip coats, tie shoes and pass out tissues. Thank you, Mr. Guill for taking the time to make everyone's day – every day – for our students who ride the purple bus!
