

September 17, 2020

In an effort to share accurate information about active COVID-19 positive cases in the school district, Great Falls School District depends upon verification of this information from the Cascade County Health Department and the DPHHS of Montana. That data will be relayed to parents and GFPS staff on our website and Facebook page in two forms.

- **Weekly** updates, which shows **specific cases/school** from the State of Montana through then DPHHS website
at; <https://dphhs.mt.gov/publichealth/cdepi/diseases/coronavirusmt/demographics>
- **Daily** updates, which show the current cases in Cascade County and in Great Falls Public schools in general, but **not** by school through their Facebook page
at; <https://www.facebook.com/CCHDMT>
